Work Hours: 8 AM - 5 PM CST

Experience Level: Mid-Level (Level II)

Note:- Client is looking for more experience in managing leads, lead pipeline health, grading, and scoring.

Job Description:

We are seeking a **Salesforce Marketing Analyst** to join our dynamic marketing team. The ideal candidate will have expertise in **Salesforce Marketing Cloud Account Engagement (MCAE/Pardot)**, **B2B digital marketing**, **email campaign automation**, and **lead generation strategies**.

You will be responsible for **managing marketing campaigns**, **optimizing lead nurturing programs**, and **aligning CRM strategies to drive engagement and conversion rates**. If you are passionate about data-driven marketing and automation, we'd love to hear from you!

Basic Qualifications:

- ✓ **Salesforce Marketing Cloud Account Engagement (MCAE/Pardot) Specialist Certification** (Required)
- ✓ **3+ years of hands-on experience** with **MCAE/Pardot** in B2B marketing campaigns.
- ✓ Expertise in **lead nurturing**, **scoring**, **CRM integration**, and **automation workflows**.
- ✓ Strong **analytical skills** with experience in **campaign tracking**, **reporting**, and **performance analysis**.
- ✓ Proficiency in **Salesforce CRM**, **Excel (Macros)**, and **marketing content execution**.
- ✓ Strong communication skills to collaborate with **technical and non-technical stakeholders**.

Key Responsibilities:

✓ Campaign Management:

- Develop and execute **B2B marketing campaigns** in **Salesforce MCAE/Pardot**, including list emails and automated customer journeys.
- Optimize lead segmentation and scoring for improved engagement.
- Conduct **A/B testing** and implement performance-driven marketing strategies.

✓ Lead Nurturing & CRM Integration:

- Create and maintain **lead nurturing programs** to increase **lead quality and conversions**.
- Ensure smooth **lead handoff processes** to sales, with complete and accurate data in CRM.
- Monitor email deliverability and maintain **domain reputation** using **Everest** and **Google Postmaster**.

✓ Performance Analysis & Reporting:

- Track and analyze **email marketing metrics**, campaign performance, and customer lifecycle trends.
- Provide actionable insights and recommendations for **continuous optimization**.
- Support **data governance** and maintain CRM data structure.

✓ Process Optimization & Documentation:

- Develop **business requirement documentation** for marketing projects.
- Train internal teams on **lead nurture strategies and automation workflows**.
- Stay updated with **Salesforce MCAE/Pardot best practices** and emerging marketing trends.

Preferred Qualifications:

- + Experience in **Salesforce Sales & CRM Analytics**
- + Familiarity with **Everest**, **Google Postmaster**, **Analytics 360**
- + Knowledge of **API development**, **data migrations**, and **cloud services**
- + Experience in **Real Estate or Retention Marketing** is a plus
